

# Superintendent Update 12/5/24

## Transportation Concerns Staggered Start Times for Elementaries

- Geographic size of town
- Number of primary schools and locations
- Tight window of time between our three tiers
- Contractual & financial constraints
- Recent impacts
  - Elimination of second middle school tier (Chapman now 6-8)
  - Traffic, road work & construction
  - Private schools
- **Benefits: Predictable transportation; smoother building operations at start and end of school day**

## Supporting our Schools, Assistant Principals and Students

### Potentially Moving Assistant Principals

- Instead of .5 in two buildings, move full-time to the building with the highest need
- Add 2 District Registered Behavior Technicians (RBT)
- Buildings without an AP will add a Lead Teacher

### Potentially add a Special Education Coordinator

- Use savings from Director of Fine and Performing Arts
- Assist with increased needs of our students
- Assess district programs and increase staff training
